

sondBlade version 1.0

08/07/06

## Registering soundBlade 1.0:

### iLok Smart Key users:

1. Visit:

<http://www.sonicstudio.com/reg>

Fill out the form completely, including your iLok.com User ID, iLok serial number, and soundBlade serial number in addition to the standard registration information. Your soundBlade serial number is the 9 digit number that is located on the back of your soundBlade jewel case or was e-mailed to you from Customer Support. We will transfer the license to your iLok account within 2 business days.

**Note:** *Failure to completely and accurately fill out the registration form will delay the processing of your request.*

2. You will receive an e-mail from Customer Support indicating that your iLok has been licensed for soundBlade. If you have purchased any options for soundBlade, this e-mail will also include your updated key file.

3. Visit:

<http://www.ilok.com>

Log in to your account and download the soundBlade license to your iLok Smart Key. SoundBlade is now authorized for any system into which your iLok is inserted.

4. Optional:  
If you purchased additional software options, they may be loaded by selecting "Update Key File" from soundBlade's File menu. Choose the new key file provided by Customer Support. soundBlade will need to be restarted for your new options to become active.

**Note:** *This key file is designed to work only with the iLok serial number entered in the registration page. Other iLoks will not activate your options.*

### **For License Transfers:**

Contact [sales@sonicstudio.com](mailto:sales@sonicstudio.com) for information regarding soundBlade software option transfers to another iLok account or user.

### Non-iLok users:

**Note:** *iLok Smart Keys are **required for soundBlade software options**. Also note that PACE's non-iLok, InterLok registration method is for single system-only licenses. A service fee is required to transfer single system licenses.*

1. Launch soundBlade. At the registration window, please select "Register."
2. Complete the registration form. Click "Next >".

3. Un-check the "Use my iLok smart key" option. Click Click "Next >".
4. Click "Save License Request...". This will generate a file named "soundBlade\_1.0.ilr" which is your InterLok license request file.
5. Archive the license request file via the preferred ZIP format: control-click on the license request file and select "Create archive of soundBlade\_1.0.ilr" to create a ZIP'd version of your license file.
6. E-mail your ZIP'd InterLok license request file to:  
support@sonicstudio.com

**Note:** *Be sure to include your soundBlade serial number in this e-mail! Without your serial number, we cannot process your request.*

7. You will receive an e-mail containing your InterLok license file within 2 business days. Save this file to a convenient location, such as your Desktop. You should also back up that file for future use.
8. To activate your license, retrace steps 1 through 3 above. In the resulting window, click "Read License..." and, select your InterLok license file. Close the browser by clicking "Choose" then, click "Finish" to complete the registration process.

Your copy of SoundBlade is now authorized for that individual computer. To re-authorize on another host, please contact your local Sonic Studio dealer or, our Sales department at:

e-mail: sales@sonicstudio.com

web: <http://www.sonicstudio.com/purchase>

Phone: 1-415-460-1201
